Worker Dies After Rescue Off Tower

Wm. Coats, 32, Pinned By Beam 85 Feet Up; Heroic Rescue Efforts

Hundreds of persons witnessed a dramatic noon-hour rescue Friday of a worman pinned for an hour and a half about 85 feet in the air on a water tower being demolished at the Fox Bros. Industries in Madison, formerly the American Car & Foundry Co.

The worker, William D. Coats, 32, St. Louis, father of five children, whose feet were caught as a steel beam being cut away failed to fall free, was freed and lowered about 1:10 p.m. He died at about 10 p.m. at St. Elizabeth Hospital.

While trapped, he repeatedly yelled for help, and it was not until an aerial fire truck arrived from East St. Louis that he was reached by rescuers, other than a volunteer who scaled the tower leg to aid the injured man. Coats then was dangling head down from a boatswain's seat. A Hlava Garage tow truck sent up a board to prop the hanging girder away from the injured man.

Coats' plight first was noticed about 11:30 a.m., but there was no equipment in the Quad-Cities that could reach him. Madison police called for assistance from the Granite City fire department, but its ladders were not long enough.

Madison Police Chief Stanley Wojcik made a rush call to East St. Louis. In the meantime, a "cherry picker" truck arrived from Granite City Steel Co.

Madison Assistant Fire Chief John Bellcoff and a volunteer, James R. Hurd, 39, East St. Louis, an ironworker who was erecting a fence nearby, scrambled into the basket. It would not reach the trapped man.

Hurd, who had scaled the tower leg to aid the stricken man, and Bellcoff had a narrow escape themselves while in the basket. The aerial ladder started to topple and hit the basket. However, spectators were summoned and jumped onto the fire truck to add their weight to keep it from tipping.

Administers Sedative

Bellcoff, who was armed with a sedative syringe and instructions from a physician who was at the scene, transferred from the "cherry picker" basket to the East St. Louis aerial truck ladder and with Hurd went up to the injured man.

Scenes At Rescue

SUSPENDED AT TOP of framework of a water tower he was dismantling in Madison Friday was William Coats, 32, of St. Louis, who at left is clinging in a solitary and painful position as his legs are pinned by the steel beam to the framework. Critical moment in the rescue operation at right came as the beam was moved to release his legs, and he was brought down the aerial ladder provided by the East St. Louis fire department.

TRANSFER TO COT from the aerial ladder is conducted carefully. Mr. Coats was rushed to St. Elizabeth Hospital where emergency treatment and surgery were performed. Death came at 10 p.m.

HEROIC ROLE in the rescue operation was played by James R. Hurd (right), 39, of East St. Louis, who volunteered to ascend to the top of the framework to assist Mr. Coats. After the rescue, he confers with John Bellcoff (left), assistant chief of the Madison volunteer fire department, who also reached the top on an aerial ladder to administer a sedative to the victim.

3 Die In 2-Car Crash On Rte. 3

No Survivors; Victims Include 2 GC Women And Wood River Man

(Picture on Page 2)

Three persons, including two Granite City women, were killed in a head-on collision of two autos during rush hour traffic about 5 p.m. Thursday on Highway 3, a half mile south of the Hartford canal. No one survived the crash.

Dead are—

Mrs. Robert Greenwell, 20, of 2420 Bryan avenue, driver of one auto;

Mrs. Jerry (Walissa) Hoffman, 22, of 4017 Rode avenue, a passenger in the Greenwell auto, and

James J. Breen, 26, of Wood River, driver of the other auto.

Both autos were demolished in the crash which pinned the drivers inside the wreckages. Mrs. Greenwell and Mr. Breen were pronounced dead at the scene by Deputy Coroner Henry Pieper of Granite City, and Mrs. Hoffman, mother of four small children, was dead on arrival at Wood River Township Hospital.

Crushing Injuries

All suffered crushing injuries. State police were unable to locate any witnesses to the crash which occurred where the divided highway narrows to a two lane pavement. The two local women reportedly were returning to Granite City from a shopping trip to the Alton area. It is believed Breen was traveling north.

Breen's auto was knocked into a six-foot deep ditch between the dual section of highway.

Traffic was tied up for several miles in either direction before a tow truck dragged the wreckage of the Greenwell auto off the pavement.

Mrs. Hoffman, whose husband is a Union Starch & Refining Co. employee, was a native of Corpus Christi, Tex. She was a member of Calvary Baptist Church.

In addition to her husband, she is survived by four children, Tana Marie, 6, Russell Lee, 4, Joanna Lynn, 2, and Ronald

Highlights Of Tower Rescue

A major accident nearly occurred during rescue operations. John Bellcoff, assistant chief of the Madison volunteer fire department, and James Hurd, an ironworker, were riding up in a "cherry picker" and were preparing to meet the ladder from an East St. Louis fire department truck when the truck began tipping sideways. The ladder nudged the basket carrying the two men. A group of spectators, however, jumped on the truck and balanced the weight.

* * * *

William P. Coats, who was pinned to the framework of the tower more than 50 feet up, waited patiently but painfully for rescue. He could be heard urging rescuers to hurry, shouting that he could not hold out much longer.

His pain was relieved later, however, when Bellcoff gave him a shot with a hypodermic needle. He obtained the needle, and necessary instructions, from a physician who was at the scene.

* * * *

Hurd said he felt shaky and nervous after the rescue was completed. He was given permission to leave his regular job for awhile to settle down.

* * *

A long, slow freight train blocking the Market street crossing delayed persons from reaching the scene, including Bellcoff and the physician. They finally drove over the Broadway viaduct and through Venice to reach the other side of the crossing and the scene of the accident.

* * * *

Moving the steel beam which caused the accident was a tricky operation. A long rope was attached to a special truck which was able to move the beam sufficiently to loosen Coats' legs. Rescuers at the top could have been injured if the beam snapped loose.

2 Girls, 15, Hit By Autos In Separate Mishaps

Two teenage girls were struck by autos in separate accidents occurring Friday afternoon and evening in Madison and Granite City. In other Quad-City accidents a motorist was injured. Local authorities reported there were 11 traffic accidents since Thursday afternoon.

Nancy Vesci, 15, daughter of Mr. and Mrs. Frank Vesci, 2330 Woodlawn avenue, was admitted to St. Elizabeth Hospital after she was struck by a car driven by Reba J. Gunter, 51, of 4010 Braden avenue, at 6:15 p.m. Friday at Nameoki road and Garfield avenue.

Both parties and a witness said the girl ran into the path of the car. She had left an auto on the Tri-Mor Bowl parking lot. She complained of pains in the right hip and right arm, had abrasions to both knees and, a hematoma to the upper right arm. X-rays were taken.

Student Struck By Auto

A 15-year-old Madison school girl, Linda Puckett, 2127 Alton avenue, Cloverleaf Addition, was struck and injured by an auto at 3:50 p.m. Friday while she was walking eastward across McCambridge avenue at Second street.

Edwin M. Mossa, 32, of 2007 Hildebrand avenue, Cloverleaf, who was driving north on McCambridge, said a northbound truck was stopped on the inner lane to turn left onto Second street as he descended the viaduct.

Mossa passed the truck on the right side just as two girls stepped from in front of it into his path, he related. He said he did not have enough time to bring the car to a halt, and its front end hit the Puckett girl.

Admitted to St. Elizabeth Hospital for treatment and x-rays, she reported back pains and a headache. She was released Saturday.

Driver Injured

Floyd D. Ellis, 60, of 2429 Dewey avenue, was injured when a car he was driving collided with one operated by Carol F. Atwood, 39, of 2510 West 23rd street at 7:40 p.m. Friday at West 20th street and Illinois avenue.

Police said the accident occurred as the Atwood car started to pass Ellis, who was preparing to make a left turn.

Seek Wild Rabbit That Scratched GC Girl, 11

Mr. and Mrs. Roy Hulse, 2904 Fortune drive, are searching for a grey-brown wild rabbit that scratched their 11-year-old daughter, Terry, on Friday evening. If the rabbit is not located, the girl will undergo a series of rabies inoculations on advice of the family physician.

The rabbit was cornered in the neighborhood by a dog, and while being admired by youngsters, scratched Terry several times. However, it was not known she was scratched when the rabbit was turned loose a little later in the vicinity of the drainage ditch in the 2900 block of Sunset drive.

Mrs. Hulse said the rabbit was injured slightly by the dog and can be identified by missing hair on its head. Anyone finding the rabbit is asked to contact the Hulse family. Terry is a sixth grader at Marshall school.

Mitchell Residents Question City Govt.

68 At Meeting Request More Data; 2nd Session To Be Set Next Month

Mitchell residents voiced lukewarm opinions to a proposal for incorporation to avoid being "gobbled up" by Granite City.

Franklin D. Chapman, who called Friday night's public meeting at Mitchell school, said he wanted only to learn the sentiment of the Mitchell residents. He was asked to get more data and call another meeting in a month.

The Friday night meeting attracted about 68 persons to the school gymnasium. Chapman, a Granite City mail carrier, was at the podium alone, representing the Mitchell Development League. He declined to disclose the names of other league members, saying he preferred to bear the brunt of the program himself.

Individuals at the meeting expressed varying views.

Several said they had no concern if Granite City moved in and took over. Others said they moved to Mitchell to get out of Granite City. "It's silly to panic," one man remarked.

Internal Incorporation

Still others said they were more conferned over the incorporation possibilities immediately west of Mitchell proper and being "taken in by the area around Highway 67a."

Residents of the area denied any move toward incorporation of the reported section from the Chain of Rocks canal to Old Alton road.

Another attitude expressed was "Why worry? Let's keep out from under municipal taxes as long as we can."

Chapman did not propose any particular area for incorporation, saying it would be up to persons involved to decide. "I called this meeting to get you thinking about it, and it's time we did think about it," he said, adding that he was not doing it to seek an office.

Horseshoe Lake Commission Reorganizes—Starts Rolling

Reorganization of the Horseshoe Lake Study Commission was accomplished Friday night with H. D. Karandjeff, local banker, named as chaiman, and Harlan Dobry, executive secretary of the Tri-Cities Chamber of Commerce, named as secretary.

The organizational meeting, held at the Sunset Hill Holiday Inn and attended by 14 commissioners, brought out the possibility of formation of a conservancy district for the development of the lake as a recreation area for Madison and St. Clair counties.

Such a district with 24,800 acres has been formed in the Benton, Ill., area, and Howard Mendenhoff of Benton, a director of the conservancy district, was a guest. He explained the district has a maximum tax rate of 8.5 cents per $100 assessed valuation and has received a million dollars state assistance.

Committees Named

Committees were formed to study all phases of federal and state legislation governing parks, conservancy districts and wild life refuges.

Dr. Clarence Stephens, vice-president of the Southwestern Illinois University Quad-City-Edwardsville campus, and C. H. Sheppard, an Alton engineer of the firm of Sheppard, Morgan & Schwaab, were named advisory members of the commission.

Dr. Stephens was selected chairman of a committee to study the feasibility of the state park with the aid of the SWIU staff members; while State Sen. Paul Simon will head a committee to work with the Southwestern Illinois Metropolitan Area

New Sessions May Be Called In Dow Strike

Negotiations may be resumed soon between Dow Metal Products Co. in Venice-Madison and the striking United Steelworkers Local 4804, a federal mediator said today.

The mediator, Gilbert Kannenberg, said a decision on getting the sides together may come this week. There have been no negotiations since Oct. 21 when a tentative agreement was reached. That agreement was almost unanimously voted down by the 700-member union two days later.

The strike is two months, 11 days old. Local 4804 walked off the job at midnight Aug. 30 in a contract dispute.

The early days of the strike featured mass picketing at the plant. Since the company obtained a temporary injunction against mass picketing on Oct. 25, all has been quiet at the plant's gates, it is reported.

Main disagreements, according to a union official, center on vacations, overtime provisions, insurance premiums, seniority and shop agreements.

2 Mishaps—Stomach Lavages For 3 Children

Three youngsters, two of them small sons of soccer star Ruben Mendoza and Mrs. Mendoza, were given stomach lavages at St. Elizabeth Hospital Friday after eating aspirins.

The Mendoza youngsters, Daniel, three, and David, two, were taken to the hospital shortly after three-year-old Kathy Schneedle, daughter of Mr. and Mrs. Robert Schneedle, had eaten an unknown amount of aspirins and had her stomach pumped. The family could not be reached for details. They reside at 2011 Bryan avenue.

Mendoza said his older son climbed into a high chair to get the baby aspirins off the top of the refrigerator. The number of aspirins eaten by Daniel was not determined. However, the lavage disclosed David had not eaten any.

GC Police Surprise Burglars In 2 Places

Trio Caught Inside VFW Home Early Friday; Pair At Gas Station Sunday

Dense fog Friday morning failed to cover three men who were captured about 2:30 a.m. inside the barroom at the VFW Home, and late last night, Granite City police arrested two teenage youths, one inside a service station on East Pontoon road.

Burglary and larceny charges have been filed against all five persons. Quad-City police also received reports of 15 other thefts over the weekend, including an attempted strongarm robbery.

Three Granite City men were caught red-handed early Friday by local police while burglarizing the Veterans of Foreign Wars club at 21st street and Washington avenue.

Charged with burglary and larceny were Charles Ray, 18, of 2504 Denver street; Jack Brooks, 20, of 2313 East 23rd street; and David Keel, 20, of 1619 Delmar avenue.

The three waived preliminary hearing Friday morning and bound over to the Madison county grand jury. Bond was set at $2500 each by Police Magistrate Gasparovic, and they were returned to jail.

Police were alerted by a burglar alarm at 2:05 a.m., and upon investigating, found an alley door open five or six inches. They found Ray kneeling by a juke box machine, Brooks taking cigarets from another machine and Keel ransacking behind the bar.

The three wore socks on their hands to prevent finger prints, rather than gloves, police said. Money and cigaret packages were scattered on the floor.

Brooks currently is awaiting trial, along with Billie Castille, 20, of 2313 East 23rd street, on a charge of burglarizing the Gatlung-Gardner supermarket in West Granite. The trial is set for next Monday. Both were at liberty on bond.

While investigating the burglar alarm, two officers first went to the main door and heard sounds inside. The door would not open, though an attempt had been made to force it as the doorknob was bent. The alley door also was forced. Upon surprising the trio, the policemen called other officers for assistance.

2 Arrested For Burglary

Two Granite City youths were arrested at 11:15 last night for a break-in at the Butler service station, 2701 Pontoon road. They were charged with burglary and larceny.

They are Jack McKechan, 17, of 2536 Lincoln avenue, and Jerry Nelson, 17, of 3120 Jill avenue. Both are Granite City high school students.

Police said McKechan was caught inside the station. Nelson drove off when he saw officers approaching, but he was picked up in the car a little later along Nameoki road. Police said they

Board To Study Size Of Classes, Building Needs

A further review of class size in the Granite City school district — and a report on possible school sites, additions and new buildings — will be heard during a semi-monthly school board meeting at 7:30 p.m. tomorrow.

Along with constructing additions to the Nameoki and Mitchell grade schools this year and renting classrooms in buildings adjacent to several schools, the board has been studying the possibility of taking other steps to reduce the size of large classes.

Upper elementary grade classes of 39 or more pupils totdl six — one at Niedringhaus and five at Wilson school.

Eight kindergarten and primary grade classes have 38 or more students — two at Webster, two at Emerson and one each at Logan, Maryville, Niedringhaus and Stallings.

There are four elementary classes with 37 pupils each and seven with 36.

Negotiations, Federal Aid

The long agenda prepared for Tuesday's board meeting includes a report on negotiations with cafeteria workers and ustodians represented by Building Service Employees' Local 98. Supt. Harold M. Kaiser will report on prospects for continued federal "impact" financial aid.

Several items of business relate to the Mitchell school addition — a sewage treatment contract, the water supply and an exit window—and two change orders are listed on the Nameoki school addition.

Deposit of the balance from former township school trustee loanable funds into the educational fund will be considered, along with an annual school financial report prepared for publication, a crop rental proposal, purchase of order forms and a cost estimate on testing liquefied petroleum gas.

Bids, Purchases

Bids on door mats are to be acted upon, and bids are to be opened on window coverings, magazine, lighting supplies, door repairs, industrial art supplies, student recovery couches, audio-visual equipment and maintenance equipment.

Replacement of a Prather junior high school washing machine and a Granite City high school sewing machine will be considered.

Also scheduled are trophy purchases, a holiday wrestling tournament tentative budget, 1963-64 curriculum committees, employment of three teachers, the return of a teacher from leave of absence, a maintenance report, improvement of the Emerson school playground and a report on nurses' aide training courses.

Brewer Says Auto Trend Still Is To Compacts

J. E. Brewer, local Rambler dealer, said today the volume center of the automobile market continues to be toward shorter-over-all length, despite larger autos in the compact field for 1964.

"The only importance of the size debate," Brewer said, "is proper evaluation of consumer need."

He said there is strong evidence that consumer pressure continues in the direction of the compact car and that increased auto sales have resulted from the jump in sale of compacts.

Man Stabbed During Fight On Tavern Lot

A 22-year-old Granite Cityan, John Bellovich, suffered stab wounds to the left side of the chest, his neck and under his left arm at 2:25 a.m. Saturday on the parking lot of Buzz's tavern, 1201 Madison avenue, Madison.

When police arrived they found Bellovich, who resides at 2709 Denver street, lying on his back and bleeding about the chest and neck. Standing nearby was Robert William Forrester 18, of 2117 Delmar avenue, who told officers he had done the stabbing and gave them a brown and yellow bone-handle knife with a two-inch-long blade.

Forrester's sister, Mrs. Myrtle Virginia Large, 21, also of 2117 Delmar, said she had come to the tavern with Bellovich and another couple. About 10 minutes later Forrester entered and told her she should go home. She refused, she related to police.

An argument developed between her brother and her companion, and the two went outside to continue the conversation, Bellovich grabbed Forrester's clothing about the neck, and the two then scuffled, she said.

After the fight, the two shook hands but Bellovich then fell to the pavement of the parking lot, Mrs. Large said, adding that she left then to call an ambulance.

Bellovich was admitted to St Elizabeth Hospital for treatment.

Forrester waived a preliminary hearing Saturday and was bound over to the grand jury on a charge of aggravated battery. Police Magistrate John Bridick set his bond at $1000.

U.S. Welfare, Pension Plan Reports Available

Persons seeking information and reporting forms on the U.S. Welfare and Pension Plans Disclosure Act may contact the office of Labor-Management and Welfare-Pension Reports (LMWP), which has an area office at 105 West Adams street, Chicago.

The U.S. Labor Department's former Bureau of Labor-Management Reports and the office of Welfare-Pension Reports merged to form the new LMWP.

The Wage-Hour and Public Contracts Divisions will no longer be the agency for disseminating information on the Welfare and Pension Plans Disclosure Act.

The disclosure law requires that administrators of private welfare and pension plans submit copies of plan descriptions (form D-1) to the Secretary of Labor. It also requires the filing of annual financial reports (form D-2). The official forms and literature about the disclosure act are available at the LMWP area office.

LMWP's total assets are estimated at $62 billion, of which $22 billion are held by insurance companies as reserves. The disclosure law, passed in 1958 and strengthened last year, is to protect the interests of more than 85 million workers and family members who are depending on these plans in event of sickness, accident, unemployment or death, and for pension and retirement benefits.

LMWP also administers the Labor-Management Reporting and Disclosure Act (Landrum-Griffin Act), which requires certain reports from labor organizations and from employers and labor relations consultatnts. The purpose of the Act is to help insure ethical financial practices in labor-management relations and democratic procedures in labor unions.

The Chicago area office of LMWP is under the supervision of Gerald G. Gotsch, area director.

THE TRI-CITIES' MOST CONVENIENT PLACE TO BANK

FOR THE FIRST HALF Friday night, the white-shirted Granite City Warriors looked as though they might upend the powerful Belleville Maroons. The Warriors took the lead (left photo) when halfback Joe Hiles (11) rammed over from the two-yard line in the opening quarter. The Maroons' Ronnie Stoeckel (22) makes the tackle too late. Hiles is on the move again (second photo from left) in the second quarter but is stopped after a small gain by an unidentified Belleville tackler. Closing in are Maroons George Reichardt (40) and 261-pound Mike Hayes (76). One of Belleville's speedy halfbacks, junior Mike Lennon (third photo from left) is brought down by Granite City arms as linebacker Eric Robertson closes in to help. Englebretson's Passes Wipe Out Warriors' Lead

Belleville Lefty Throws For 4 TDs As Maroons Ramble To 35-13 Victory

He's a wrong-armer with a name as long as a football, but, oh my, can he ever pass.

Dave Englebretson, the lefthanded quarterback for Belleville's Maroons, completed 10 of 13 passes—including four for touchdowns — to crush Granite City's Warriors, 35-13, in a Southwestern Conference game Friday night at Belleville township high school's stadium.

The 10 completions accounted for 164 yards to go with 240 the Maroons gained on the ground as they darted in, around and over the Warriors' defense.

"He's a great one," said Granite City Coach Jim Morrison, who was just as awed by the passing performance as the 6000 or so spectators.

"I can't believe they've played that well all year," Morrison said. "They're the toughest ball club we've faced by a mile."

Warriors Score First

Granite City's sizable delegation at Belleville had good concern to get excited in the first half as the fighting Warriors played the Maroons to a 7-7 tie.

The Warriors scored the first time they had the ball, marching 35 yards after a poor Belleville punt. Senior halfback Joe Hiles powered over from the two midway through the quarter and kicked the extra point.

Belleville then marched from its own 38 to the Granite City 11 before the Warriors took over on downs as the opening quarter ended.

Englebretson fired to end Ron Schmidt for 11 yards and a touchdown with 4:15 gone in the second quarter. Sure-footed Ron Thomas tied the score with the first of his five extra points.

Belleville struck quickly as the second half opened. After three and a half minutes of play, Englebretson hit Schmidt again for 25 yards and a score.

But Granite City wasn't finished yet. Joe Hiles broke away on the right side during the next series of downs and ran 62 yards for a touchdown. With the score 14-13, Hiles' kick was blocked by Ronnie Stoeckel and the Warriors' spirits sank a bit.

Roughing Penalty Hurts

The Maroons used the remainder of the third quarter fighting 45 yards of penalties in a drive that took them 92 yards to the goal, with fullback Jim Goodwin scoring from the one.

A 15-yard roughing-the-kicker penalty on Granite City nullified a Belleville punt during that march and gave the Maroons a first down in a key situation.

Englebretson passed for two more tallies in the fourth period —25 yards to Schmidt and 16 yards to Ken McCumber. Schmidt scored three TDs, the first scores for him this season.

The Warriors finished with a 5-3-1 record in Morrison's rookie year as coach. They missed a shot at the best record since 1946 but it was still the best since the 6-3-1 mark posted by the 1958 team.

"We played a little above average," Morrison said of the game. "We've played better and we've played worse. We didn't get good execution on defense."

East St. Louis Wins Easily, Will Tangle With Belleville For Conference Grid Title

East St. Louis' Flyers kept pace with the victorious Belleville Maroons in the Southwestern Conference title race Friday night.

Coach Fred Cameron's East Siders blasted Collinsville, 27-0, to match the 5-0 conference mark of Belleville. The title will be decided on Thanksgiving morning when the two schools do battle in their annual classic.

Both teams will have non-league warmups Friday night, with Belleville at home to Centralia and East St. Louis visiting Kirkwood, Mo.

The Flyers won easily at Collinsville, rolling up a 21-0 halftime lead. Four different players scored—including Tom Jentsch on a 52-yard punt return and Clarence Williams on a 38-yard pass from Randy Eisenhour. Other TDs were by Aubrey Hampton (a seven-yard run) and Jimmy Riestis (three-yard plunge).

Collinsville closed with a 3-5 season record.

Alton Has To Scramble

Wood River finished with an 0-6 conference record and a 3-6 overall mark as Alton scrambled to a 25-19 victory.

The scrappy Oilers twice led the Redbirds in the first quarter but ultimately Leroy and Andrew Johnson got Alton going. Both unrelated Johnsons scored two touchdowns, including an 86-yard kickoff return by Andrew Johnson.

Mike Grimsley scored all of Wood River's touchdowns — two on short runs and a third on a 22-yard pass from Lee Davis.

Alton (6-3) has one game left, Saturday night at Hannibal, Mo.

Edwardsville's Tigers finished with an easy 27-6 victory over Roxana, champion of the Midwestern Conference. Both teams had 5-4 records.

Jim Hoskins scored three touchdowns and brother Bob Hoskins had one for Edwardsville. Jim's scoring included an 80-yard run. Rich Hamilton scored for the losing Shells.

Assumption Smacks Cahokia

Cahokia's Comanches, runner-up in the Midwestern race, also lost in their non-conference finale. Assumption's Pioneers had no trouble with the tribe, winning 26-0. Cahokia's season record was 6-3.

Two other Midwestern teams closed out—Highland in a 20-18 loss to Nashville and Dupo in a 27-6 setback to Gillespie.

Ken Siverly passed to John Spengel and John Duft and Dennis Immer ran for Highland's touchdowns as the club wound up with a 4-4-1 record.

Dupo was winless in nine games this season. Dupo's only score was a 13-yard pass play engineered by two sophomores, Jim Bieller to Terry Foerste.

This Bowling Team Is 427 Years Old!

Here's one that'll knock your pins from under you!

A frisky bowling team in the Thursday Night League at Tri-Mor Bowl is composed of six men with a combined age of 427 years.

The five regulars are Frank Graf, 73; Harold Gwin, 72; Art Webb, 72; Walter Amelung, 70; and Archie Delmar, 70. The sixth team member is Oscar Moehle, 70.

The total age for the five regulars is 357 years or more than a quarter of a century older than the Senior Citizens team recently publicized in an area newspaper.

Bowling must keep you young—the average for the five-man team is 689, and that isn't bad.

Park District Cage Program Ready To Go

Plans for the Granite City park district's extensive basketball program were announced today by Harold Brown, superintendent of parks and recreation.

The program annually includes hundreds of men and boys — from sharp-shooting adults to youngsters who can barely get the ball to rim level.

Brown said the organizational meeting for all teams in the Classic, Church, High School and Junior High School leagues will be at 7 p.m. Thursday at the Wilson Park office.

Last year the Church League had five teams; the other leagues, eight teams each.

Opening dates, playing nights and gymnasiums assigned are as follows: Classic, Nov. 25, Mondays and Thursdays at Prather junior high school; Church, Nov. 25, Mondays and Thursdays at Coolidge junior high school; High School, Dec. 4, Wednesdays at Coolidge junior high school; Junior High School, Dec. 6, Fridays at the Community Center.

Entry fees are $40 per team in the Classic and Church leagues, $20 in the High School loop and $10 in the Junior High School circuit.

Grade School Program

The park district's cage program for boys will start Saturday, Nov. 30, at four sites. The program is for players in grades three through six.

Brown said fifth and sixth graders are to report at 9 a.m. and third and fourth graders at 10:30 a.m. on Nov. 30 at the gymnasium nearest their homes.

The breakdown by schools will be roughly as follows, according to Brown: At Nameoki school—boys from St. Elizabeth, Maryville, Nameoki and part of Frohardt schools; at Coolidge junior high school—boys from Wilson, Marshall, Niedringhaus, Webster, Sacred Heart, part of McKinley and part of Frohardt schools; at the Community Center—boys from Emerson, St. Joseph, part of McKinley and part of Washington schools; at Prather junior high school — boys from Logan school, the Logan annex and part of Washington school.

Open Play On Saturdays

For the second year, Brown said the park district will have open play from 1 to 4 p.m. on Saturdays starting Nov. 30. There is no age limit.

Brown cautioned players to bring their own basketballs and to change into tennis shoes at the gymnasium to prevent bringing excessive dirt to the floor.

The district has arranged for for the open play periods with the Granite City school board for all winter Saturdays except during the school Christmas vacation.

Jerseyville Hard Pressed To Beat Stubborn Madison, 13-7

Failure To Get 1st Down On Key Play Hurts Trojans In Final Game

Even Coach Glen Pickering was surprised by his Madison Trojans in the high school's final football game Friday night.

"I didn't think it would be that close," said Pickering after his scrappy club lost to Jerseyville's Panthers, 13-7, at the Madison field.

Jerseyville was heavily favored, mainly because the Panthers had beaten Roxana 28-0 the week before. And Roxana had beaten Madison 18-0 enroute to the Midwestern Conference championship.

Madison very nearly pulled one of the season's biggest upsets. There was one key play that took the initiative away from the Trojans.

The score was tied at 7-7 early in the fourth period. The Trojans were on the Jerseyville 20 with fourth down and one yard to go.

Penalty Stops Trojans

The Trojans made the yard, but the play was nullified by a penalty. Then the Jerseyville defense held and the Panthers had the ball. They didn't hesitate, marching 80 yards for the clincher.

"We might have beaten them if we had made that first down," said Pickering, whose team finished with a 2-6 season record.

Coach Joe Jurkanin's Panthers broke a scoreless tie with 59 seconds remaining in the first half.

Jim Trask went 13 yards on a reverse play for the TD. Craig Whitlock ran the extra point.

Madison retaliated in the third quarter when Paul Lusk, a sophomore, zipped across the goal from seven yards out. Gary Skinner ran the extra point.

Trask also scored the final Jerseyville TD, cracking over from the one to end the long drive.

Madison's success was even more surprising since Pickering made a switch at quarterback—starting inexperienced sophomore Tom Williams and moving the regular signal-caller, Skinner, to halfback.

"I wanted to give Williams some experience," Pickering explained. Skinner, perhaps the standout quarterback in the Midwestern Conference, is a senior.

Loss Of Podoba Hurt

Pickering naturally was not very pleased with only two victories in the season, but there is hope for next year—he loses only five or so regulars by graduation.

"This year we had the line but were thin in the backfield. Next year, we'll have the backfield but will be thin in the line. If we could ever get them together, we'd do all right," Pickering said.

Pickering said this year's line was perhaps the best at the school since he took over as coach.

"The turning point of the season," the coach said, "was when we lost Nick Podoba, our best halfback, in the Granite City game. With him, I think we would have won at least four games."

Podoba suffered a dislocated foot and did not get out of the cast until last week.

Worker Dies After Rescue

(Continued from Page 1.)

was "Hurry up. Give me the shot."

Perched precariously atop the ladder, Bellcoff pushed Coats' legs up. "I followed the doctor's instructions and jabbed him," Bellcoff said.

Bellcoff descended while Hurd and another man worked to free the trapped, injured man. The other man who scaled the partially dismantled water tower identified himself as the job superintendent but declined to give his name to authorities or the press.

Much credit for the rescue was given to Hurd. He said Coats kept telling them to hurry, that he was in much pain.

Rope, Truck, Pulley

A rope was attached to the dangling beam that had Coats pinned. It was attached to a truck and after several attempts was able to move the beam in the proper direction.

Hurd and the job superintendent were standing on the struts in the leg of the tower, while an East St. Louis fireman, Ray Wilson, was on the ladder.

Finally, they were able to free Coats' legs and feet, unfasten his safety belt and lift him onto the ladder.

He was strapped on, and East St. Louis Fire Capt. George Wiedemer and Fireman Allan Martz maneuvered the ladder down to a waiting ambulance stretcher.

Coats was rushed to St. Elizabeth Hospital where his condition after Friday afternoon was described as critical. He had possible leg fractures, possible internal injuries and multiple abrasions, as well as suffering from shock. He died at 10 p.m.

Spectators lined State street for several blocks to watch the rescue. The tower is located in the vicinity of Fifth street.

Madison's fire fighting equipment and rescue truck and an ambulance were at the scene to assist, along with Madison and Venice police and Granite City fire and police department officials.

Rescuer's Comments

As the ambulance raced away, Hurd calmly lighted a cigaret and commented that because of a knee injury suffered in an auto accident last May 14, he had been advised by his doctor to stay on the ground.

"I'm an ironworker and a member of East St. Louis Local 392, and I was a volunteer fire department member at Centreville until I lost my left kneecap in the accident," Hurd said. "Now I'm not supposed to even walk over rough ground."

He added that he wasn't unnerved by the climb and his dangerous position during the rescue, "but I'm tired now." He and Bellcoff left the scene for a few moments relaxation.

Coats, whose occupation is listed as a painter for the Carl Brooks Construction Co. on the death certificate, is survived by his wife, Margaret, and five children, Donald, Deborah, Cyntia, Sue and Douglas.

An inquest is to be conducted by Deputy Coroner Henry Piper.

Funeral services are set for Tuesday morning at a St. Louis funeral home with burial to take place at Memorial Park, St. Louis.

persons on costs of municipal operation and taxes, Chapman said he had no figures available, since the league had not progressed that far.

"We don't want to do anything without everyone knowing what is going on. That's the reason for this public meeting tonight to learn how you feel," he said.

Several times individuals called for a show of hands on incorporation. However, none was taken other than to ask chapman to get more data and call another meeting in a month. Chapman said he would announce a date a week in advance.

Chapman said he had conferred with an attorney, whose name he refused to disclose, to get data on incorporation.

The Development League, he said, was a small group of residents concerned with the future of Mitchell. "We discussed a lot of possibilities, even to annexing to the village of Pontoon Beach, and then decided to call a public meeting."

"Be Wary of Petitions"

Chapman, who said no petitions were in circulation, cautioned those present to be wary of any petitions. He emphasized that Granite City was limited in its direction of growth and that he heard reports that Mitchell was being eyed. He again declined to disclose his source of information, other than to say it came from a Granite City lawyer.

Several in the audience expressed concern over the possibility of high taxes with incorporation since the area is made up mostly of homes. Chapman said that with incorporation industries might be attracted to Mitchell. He pointed out that Granite City could expand along the Chain of Rocks canal, grab bing up the industries which could be Mitchell's.

The two-hour meeting ended with an appeal for more information on processes of incorporation or annexation and cost data.

HOW TO GET RICH SLOW (but sure)

Every dollar you invest in Series E Savings Bonds grows 33¼% bigger in 7 years and nine months. You can count on it.

It's not as exciting as drilling a wildcat oil well, or diving for sunken gold. But it's mighty reliable. Especially when you use the Payroll Savings Plan to help you make sure you buy Bonds regularly.

This famous plan takes the backsliding out of saving money by making it automatic. You just tell your employer you want him to set aside a small amount from your check each payday.

($1.25 a week will add up to twelve $25 Bonds a year. But you can have more or less deducted as you choose.)

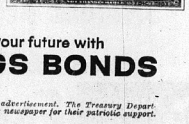

Then you forget all about it. Savings come easily and almost painlessly. You never see the small amount that's deducted so you hardly miss it.

There's a unique satisfaction to saving money this way, too. Every-time you slip another Bond into your pocket, you know you're helping your country as well as yourself. Uncle Sam uses the money to help America resist the forces that threaten our freedoms.

Another thing about getting rich slow with U. S. Savings Bonds is that almost anybody can do it. So why not sign up for Payroll Savings before next payday?

Quick facts about U. S. Savings Bonds

- You get $4 for every $3 at maturity
- You can get your money anytime
- Your Bonds are replaced free if lost, destroyed or stolen
- You can buy Bonds where you work or bank

Keep freedom in your future with

MISSIONARIES TOPIC OF WOMEN'S SOCIETY

The Women's Missionary Society of Cedar View General Baptist Church held a monthly meeting Thursday night, with the president, Mrs. Pauline Cravens, presiding. The meeting opened with the song, "We've a Story to Tell," led by Mrs. Pat Dickerson. Prayer was offered by Mrs. Betty Gozia.

The business session was conducted by the president and the roll call was answered with scripture verses. A Thanksgiving fellowship pot-luck dinner is to be held Nov. 25 at the church for all members and guests.

Officers of the society plan to attend the afternoon session of a leadership seminar Dec. 5 at 1:30 p.m. at the Mt. Zion General Baptist Church.

A topic, "Lord, Bless Me," was presented by the love gift chairman, Mrs. Pat Dickerson, who stressed a greater need for giving to those serving in the mission field.

Mrs. Margaret Pithers, spiritual life chairman, chose for her devotion, "How to Pray for Our Missionaries," with the 84th Psalm read by Mrs. Lydia Marmion. Needs of the denomination's missionaries on Guam, Jamaica and the Philippines were presented to the group and prayer was led by Mrs. Nancy Honnoll. Each society member pledged 15 minutes a day for prayer in behalf of missionaries and their needs.

The program was given by the program chairman, Mrs. Pauline Nichols, outlining the new study for the year, "Facing the Field." This concerns the life of the missionaries in the field and deals with the problems of facing them in strange countries amid alien customs and conditions.

The meeting closed with prayer by Mrs. Lydia Marmion, and refreshments were served to Mesdames Gozia, Cravens, Honnoll, Lillian Lance, Flo Jordon, Pithers, Dickerson, Nichols, Marmion, Evelyn Poyner, Marie Young, Gladys Crump, Erymle Camren, Nannie Howard, Doris Hart and Brenda York, and a guest, Mrs. Josephine Bailey.

Mrs. Fred Wagner and Mrs. Lottie Scherrer gave one of the most delightful of the week's parties Monday evening when they entertained their club and a number of additional guests at the Albers club near Pontoon Beach.

Following the games, there was dancing and supper was served to 32 of the club and Mrs. Charles Schaller of St. Louis, Mrs. Emily Schumacher and James Enright of East St. Louis, Mr. and Mrs. Harold Skeen of Madison and Mrs. Elza Sheppard of Granite City.

Those who won prizes were Mrs. E. H. Schildman, Mrs. Fred Heely, Mrs. A. F. Buente, George Slay, Joe Libbert and E. H. Schildman.

WORSHIP OF GOD A GREAT PRIVILEGE

To the Editor:

I read the article by the Sunday night bowler. I have nothing against bowling; it's a fine sport.

It is the duty of the minister or any Christian to preach against idolatry, and that's exactly what anyone is guilty of when they put bowling or any material pleasure before the worship of God.

True, there are hypocrites in the church. There are also hypocrites in the bowling alleys and the super-markets, but that's no reason to stay away from those places. So why do so many people stay away from church?

The hypocrites in church have a better chance of finding God than the ones at the bowling alley.

I realize there are many fine, good, decent people who have never been on the inside of a church. That is certainly a sad thing, because if these good, decent people expect to get to heaven because of their righteous qualities they will be sadly disappointed.

"For by grace are ye saved, through faith and not of yourself, it is the gift of God, not of works, lest any man should boast." Ephesians, 2-89.

If the good, decent people of this country would surrender their lives to Christ, we could find the answer to the many problems we face today.

Many have died to protect our freedom of worship. It's truly the greatest privilege of all to serve God.

PARK NEAR RIVER MARKS HISTORIC ACHIEVEMENT

To the Editor:

I like to read the Forum column in the Press-Record and a great many other readers do likewise.

I am the custodian of Lewis and Clark Memorial State Park on the banks of the Mississippi River and the Hartford Canal. This park was established by the state to mark the location as closely as possible where Meriweather Lewis and William Clark camped, recruited and organized a party of hardy men to find and map a passage to the northwest.

On May 13, 1804, they began the ascent of the Missouri River to its source. They crossed the Great Divide, descended the Columbia River and after many hardships, reached the Pacific Ocean on Nov. 7, 1805.

This was a great human achievement in the history of our country, and opened a way for settlers and traders to enter into the great northwest.

As we stand on the banks of the Mississippi at this park and gaze across to the Missouri River, we can justly feel thrilled and proud that this party of hardy adventurers and explorers also was here when this was a wilderness.

For a year now, I have had ADC men helping me to care for and improve this memorial park. They have always taken a great interest in their work here and are proud of what they have accomplished so far. They appreciate how the many people who come here help also by putting their discarded papers, bottles, cans and leftovers in the trash containers and park their cars off the grass.

There have been times when we felt hurt and saddened by the sight of young trees broken by persons unknown to us.

But there also have been happier times, such as when Scouts Joseph's Cub Scout Pack Seven planted a silver maple, and the donation of six trees by Mr. and Mrs. Victor Couch. Also, when recently the Quad-City Nursery and Landscaping Co., owned by John Moss, donated and planted a group of evergreens.

Many people have shown interest and pleasure in the Lewis and Clark Memorial Park.

SUGGEST FINANCIAL HELP FOR STRIKERS

To the Editor:

The men at Dow Chemical have been on strike for over two months. I remember when the lead miners on strike, other locals helped them each month. I realize they were out for some time.

With the Christmas holidays coming closer, I think they should receive help. Remember, charity begins at home. These workers are our union brothers, our neighbors and our friends. We should help them to help their families have a good holiday season.

These men aren't out due to a wildcat strike, but a good reason, which is to the benefit of all unions. With prices nowadays, children in school and medical expenses, it's rough with no money coming in. I believe their insurance has run out.

Some may say it's their problem, not ours. But it's sometimes the only way for a settlement. No one wants to strike.

I think all unions should help the men. The unions should try and set up some kind of fund for men on legitimate strikes; maybe have the members donate something every month to build a fund.

PENSIONS TO OFFICIALS BUT NOT WAR VETERANS

To the Editor:

It was announced recently by the press that United States Supreme Court Justice William O. Douglas will retire in 1964. He will be honored for his past years of high-paid service with a $35,000-per-year pension.

Presidents Truman, Eisenhower and Hoover all draw $25,000 yearly pensions. Eisenhower, in addition, draws retirement pay as a retired Army general, and collects from $5000 to $10,000 for television appearances. Hoover is the only one that donates his pension, for the aid of charity and education.

Truman is granted a huge sum for operation of the Truman Library at Independence, Mo. I have been told that his salary in the management of this institution would reach nearly $20,000 yearly, besides his frequent radio, TV and political barnstorming appearances.

John B. Moss and at least 500 of his war buddies that he personally knows draw from $78 up to—in some cases, but a very few—$250 monthly for permanent and total disability—with war records above and beyond the call of duty and as long as Route 66. But, of course, all we did was save the nation for the future tax-squandering politicians.

Eight times in the past 33 years, our pension bills have been presented to the House and Senate ways and means committees. All the leading veterans' organizations have set up a powerful lobby supporting these bills to pay veterans of all wars a permanent pension and veterans of world war I a pension of $100 a month.

But the pension was too high and exorbitant — a lousy $1200 yearly. Yet a supreme court justice can command a pension more than 29 times that amount for participating in a few major court decisions.

Veterans, write your representatives. Maybe we can get a raise $10 a month?

Local Facilities Available For Full-Fledged Circuit Court

Recognizing that the heavily-populated and fast-growing Quad-Cities need full-fledged circuit court facilities, the city council of Granite City has taken a long stride in that direction by certifying the continued availability of the city hall courtroom, jury and judge chambers, court clerk offices and court library.

With the city willing to maintain the court chambers and related offices, there is no actual stumbling block to making the local court a complete rather than merely a token arm of the circuit court. The circuit judges have it within their power to make it a reality, and many thousands of Madison county residents earnestly hope that the continuing talk of centralization will not obscure this important issue.

As pointed out by Granite City aldermen, "It is vital to the welfare of this city and the neighboring communities that judicial functions and services be provided locally on a regular, full-time basis to obviate the necessity of traveling to Edwardsville."

The council resolution notes that the court can be of "great benefit to business, the welfare of the citizens and the general economy of the area." And by increasing the convenience of the courts, by bringing them closer to the people, the circuit judges can smooth the path to fair and prompt administration of justice—which, after all, is the purpose of the judicial system.

Thoughts Of Past And Future On Veterans Day

Although not a holiday of the type on which all workaday activity ceases, Veterans Day is a major patriotic anniversary, honoring the men and women who have served in American armed forces during any of the wars in this nation's history.

Each Nov. 11, thoughts go back to the original Armistice Day 45 years ago. It was on Nov. 11, 1918, that hostilities of the first world war ceased and an armistice was signed between the Allies and Germany. The date was designated as a national holiday and has been observed annually since then, though it did not prove to be the long-sought day when all warfare had been permanently ended.

World war II and the Korean war followed, and since 1954 the day has been officially known as Veterans Day, symbolizing the debt of gratitude owed to all who have helped directly to make the United States strong enough to defeat all aggressors. The day also brings new hopes that the "war to end all wars" lies in the past rather than the future.

Goals Of Education—Responsibility, Understanding, Scientific Knowledge

American Education Week Nov. 10-16 spotlights the most noticeable current education trend—intensification of science, mathematics and related instruction—and efforts to maintain a balanced program by such educators as Dr. James B. Conant, who urges that schools seek to "cultivate in the largest number of our future citizens an appreciation both of the responsibilities and the benefits which come to them because they are American and free."

Dean Troy W. Edwards of the Southern Illinois University College of Education echoes such views and calls for greater emphasis on "helping people get along with each other." Without discounting the demands placed upon education by such challenges as rockets and space capsules, he cites the continuing importance of the humanities and social sciences.

"These fields involve getting along with one another and understanding other points of view—appreciating the cultures of other peoples which are different than ours because of necessity," Dean Edwards explains. "If education does its part in producing a better understanding among people, many of the ills and discords on this globe will be eliminated."

Europe Aware Of Advantages Of Patronizing Local Port

European shippers and manufacturers are now well aware that the Port of Granite City is "on the map," thanks to the goodwill efforts of Mr. and Mrs. Cäel Ranft and 138 other participants in the Illinois trade mission just completed.

The Ranfts not only distributed 58 detailed reports on local port and industrial facilities to key business firms in several countries of Europe, but also left the main tour group several times to make doubly sure that this community's ideal combination of transportation lines is well known wherever the message may do some good in the form of future trade.

With the delegation headed by Gov. Kerner obtaining orders and contracts that may exceed a million dollars, and the way paved for even more transactions later between Europe and the mid-western United States, it appears that the venture was a success. The Quad-Cities are fortunate to have had direct representation by the chairman of the local port district.

Whoever said that life changes very little from generation to generation has forgotten the many photographs of present-day crowning ceremonies and other events, showing females seated and males standing, and the wedding portraits of past years in which the groom always sat and the bride always stood.

Fog And The Good Old Days

The dense fog Thursday night and Friday morning brought back memories of foggy nights when Quad-Cityans drove home with the aid of the street car tracks on Broadway and Madison avenue.

Comparing the present smooth pavement with the way in which the trolley rails helped guide wayward auto wheels away from harm, it was easy—at least for a few hours on Friday—to look back longingly to the "good old days."

Tranquilizers Not Only Path To Contentment

"Safeguard Your Health" articles which appear on this page each week consistently contain helpful medical and health information, and the latest in the series, "Cause of Tension and What To Do About It," understandably included a bit of philosophy.

While it is good to choose high goals, the Illinois State Medical Society warned against the "emotional dynamite" of a classless society in which anyone can become president and everyone feels his offspring must be the one to do so.

In a culture based on change, the pressure is on each person to succeed in his own right and also to prosper so that the next generation can achieve even more. It can be argued that there is no real need for such pressure, or that it does not even exist. But the mere fact that many people think it is there makes it a reality in terms of their physical and emotional health.

Tranquilizers have their place in the world of the 1960s, but one gets the impression that the state medical society is not convinced they ought to be the third largest-selling prescription drug. Because no one can have or does have "everything," it is self-defeating to convince ourselves that nothing less than "everything" is acceptable. We do not know how much anxiety and jitters will be eliminated by the article, but it is a potentially helpful slice of philosophy for all to digest.

Optimists And Rest Of Community Appreciate Young 'Good Citizens'

Along with constructive criticism of teenage conduct, it is proper to give a "pat on the back" to keep matters in perspective. With exactly this in mind, Optimists clubs in the Quad-Cities and throughout North America this week are sponsoring Youth Appreciation Week.

Conceding instances of youthful crime and misconduct, the Optimists also call attention to such examples as a youngster saving a child's life through artificial respiration and many cases in which students perform part-time work to aid their family's finances.

Convinced that youth deserves recognition, Optimist International seven years ago launched a "pat 'em on the back" program to salute the younger generation's "juvenile decency" standard bearers.

Asserting that "95½ of today's youth are high-caliber youngsters," the 2100 Optimist clubs attempt through various activities to demonstrate that adults are interested in children's hopes and dreams.

They predict this reward for each person who takes the trouble to know and appreciate local teenagers—a new respect for the youth and the knowledge that important future responsibilities will be placed in capable hands.

Planning is what separates the best communities from the average ones.

THE PASTOR SPEAKS

CAPT. BILLY H. COX
Chaplain, Granite City Army Depot

A few Sundays ago some children went to Sunday school to learn about love and reaped the results of hate. Some person had been made so insane with hate and prejudice that we would plant a bomb in a church to kill little children.

This makes us sick at heart. But if murder causes the rest of the people to open their eyes then they have not died in vain. Let us open our eyes and see that hate always kills.

Hate caused the planter of the bomb to have a deaf soul. Hate filled him with demonic thoughts and acts. Hate and prejudice have brought spiritual death to many.

Let us open our eyes and see the unreasonableness of prejudice. Prejudice is an opinion or emotional feeling which is not based on reason or fact. Someone has described prejudice as this: "When we are down on something because we are not up on it, we show prejudice."

Let it be noted that prejudice works both ways. It is sometimes manifested in the blind hatred of members of a minority group toward a majority.

Let us open our eyes and see a fact of freedom. My freedom is not secure as long as my neighbor's freedom is in doubt. If his freedom is curtailed, how long will it be until my freedom is in the same fix?

If someone must sit in the back of the bus, it means I can't sit there if I want to. This takes freedom from me.

There is only one solution. We must all work for maximum freedom, here and now for everyone. Don't let those little Sunday School students have died in vain.

Social Security Called Insecure

Social Security pensioners are seeing squeezed by a better than 1% decline in purchasing power of the dollar, and the squeeze will grow worse with a tax cut without a cut in spending to make room for it, U. S. Senator Jack Miller (R., Iowa) says in alleging that fund projections indicate the social security program is "insecure."

"Most Social Security pensioners do not have enough income to pay an income tax and would not benefit from a tax cut," Sen. Miller says, "but they will be hurt by continued inflation which will inevitably accompany multi-billion-dollar deficit spending programs of the federal government."

He said that during 1961 and 1963, U. S. inflation amounted to over $14 billion to the national debt through deficit spending.

Illinois Share Of Debt

"Illinois' share of this amounted to $430 million a year—equivalent to a 3.4% sales tax on the people of Illinois to finance the deficit spending programs of the federal government.

"Worse yet is the long-term possibility that social security pensions will be reduced—if not directly by legislation, then indirectly through runaway inflation—because of unfunded liabilities piling up against the Social Security Trust Fund.

"These unfunded liabilities total an estimated $320 billion.

"This is not that measured against the Social Security benefits which are supposed to be paid out to all persons now in the Social Security system—the tax money which these people and their employers will pay into the fund plus what is left in the fund will be $320 billion short. This burden is being passed on to future generations of America.

"The situation is so bad that between him and his employer, the average young person going to work will pay more in taxes than the value of the Social Security benefits he can ever hope to receive."

Sen. Miller believes that although Congress has provided for eight increases in the Social Security tax during the past 13 years, these have not been adequate to keep up with increased benefits and expanded coverage which Congress has also enacted.

Further Problem

He says passage of a hospitalization program financed by Social Security would compound the Social Security Trust Fund problem by adding another estimated $30 billion in unfunded liabilities "because millions of people would become eligible for benefits without having paid any tax money, or after paying insufficient tax money, to cover their benefits.

"If we are to play fair with the future generations of America, any federal hospitalization program should be put on a pay-as-you go basis.

"And if we are going to follow the ability-to-pay tax principle, then the benefits should go only to those who cannot afford to pay for them, and the financing of the program should be out of the General Fund of the Federal Treasury rather than out of the Social Security Trust Fund."

Equivalent To 1% Sales Tax

"Under the proposal, the first $5200 of income of the low wage earner would be taxed exactly the same amount as the first $5200 of the income of the high-bracket income taxpayer. This is just as regressive as having a 1% federal sales tax to finance the program.

"The Disability Insurance Trust Fund is expected to go broke between 1969 and 1975, and the Civil Service Retirement Fund will go broke between 1980 and 1990 at the rate we are moving. Unfunded liabilities of the Civil Service Retirement Fund amounted to $34 billion as of last June 30.

"If what I say leaves you with an insecure feeling, then I would recommend that you make known these feelings to appropriate members of Congress and the White House."

The senator multiplies annual pensions by life expectancies of pensioners and compares them with the earnings contributed to conclude that there is a disproportion between the taxes paid and benefits received, even with interest added. He lists current taxes and trust funds as totaling $301 billion, compared to $625 billion in benefits owed.

New workers coming into the system and their employers are scheduled to pay in $719 billion for potential benefits of $431 billion, he says, adding that in five of the past six fiscal years tax payments have fallen short of funding the benefit payments.

Men Volunteers Needed At Alton State Hospital

The need for men to volunteer for control groups to aid psychologists conducting a special research project at Alton State Hospital was announced last week.

Despite overwhelming response to appeals for volunteers, most of them have been women, and more men are needed to complete the testing, according to Donald Tatro, psychologist in charge. "So far, we have seven or eight men who have signed for the examination," Tatro said.

About 75 normally-functioning men are needed to meet the ratio requirements. Those volunteering will be paid $8 out of a special public mental health research grant, he added.

Volunteers are asked to take tests similar to ones given to more than 200 psychotic patients. The resulting data is to be used as a standard in analyzing the information obtained from patients.

The research is part of a state-wide program being conducted cooperatively by state institutions and the University of Illinois under the direction of Raymond B. Cattell, U. of I. professor. Its purpose is to establish more effective methods of differentiating between various forms of mental illness.

Tatro said the hospital is interested mainly in men between the ages of 30 and 55, and whose education ranges from the eighth grade level to completion of high school.

Tests are given daily at the hospital from 8 a.m. to 5 p.m. Arrangements may be made by calling Tatro at the hospital—465-5593.

Armistice Day

EDITORS NOTE — Five years ago John Allen wrote a nostalgic piece filled with memories of World War I comrades and titled simply, "A One-Man Reunion." It seemed to touch a responsive chord among veterans and at the suggestion of several it is being reprinted this year, for the 45th anniversary of that first Armistice Day.

By JOHN W. ALLEN
Southern Illinois University

This is being written on the anniversary of World War I Armistice Day. It is now 40 years (1958) since fighting in that war halted abruptly. That night we bivouacked on a Meuse River hillside near Beaumont, France. The noise of battle had ceased, leaving a strange, almost ominous quiet over the countryside. The "war to end all wars" was over, bringing a welcome peace and, we fondly believed, an enduring one.

That night in 1918, 84 Marines gathered about a fire that Albert Ullum from Ohio, Tom Greeley, from Pennsylvania and I had kindled with timbers from a shell-wrecked building.

Tonight, four decades away in time and thousands of miles in distance from that first campfire, a reunion is being held. This time it is beside a small chunk fire between two low rocks on the crest of Bald Knob in Union county, Ill. That first Armistice night was cold and still. Tonight it is cold, but a high wind moans through the two sentinel pines above the camp fire.

Imaged Groups

Instead of the 84 men about the fire on the first Armistice, the writer alone sits beside this flickering blaze. On that night, men sat in compact groups on boards from the same wrecked building that provided our fuel. Now they are present in imaged groups only, vaguely seen in the dim light before they vanish. The fleeting glimpses, however freshen the eye of memory to faces and figures while names return with the remembered bark of a sergeant's roll call.

The men on the French hillside were indeed a motely group, as much so as men in uniform can be. Clearly remembered are two old-line sergeants. One was Dan Daly, twice awarded the Congressional Medal of Honor and one of the U.S. Marine Corps most legendary figures. Another was a rugged and stern-faced Turk, answering to the strangely Polish name of Vladislaws Bednawski, fully as hard as he looked. Bednawski was an alumnus of Roberts College in Constantinople, and spoke seven languages fluently. Bednawski and Daly had served together in the Marine Corps for 20 years. They were the professionals; the others of us were amateurs.

There was Underwood, a poetry reading bartender from upstate New York . . . and Cavanaugh, an accomplished tenor, amateur actor and broker clerk from Wall Street. (Cavanaugh must have done well after the war. A newspaper account 20 years later told of his home being robbed of $168,000 worth of jewels.)

Another was a mule skinner who held the dubious distinction of having whipped his captain. He later became an esteemed citizen in one of America's great cities. His name would not be unfamiliar.

A Teacher, A Gambler

There was a youthful teacher from Montana and a crap-shooting boy from Tennessee. A third was a bruised and bruising boxer answering to the name of Kid Beecher from the Bowery. Then there was a man from the Colorado School of Mines who could do more boxing with his elbows than most men can do with their fists. Beside him was a mere boy who had been through it all and said, "I am going back to finish high school."

There was Wilkinson, who had mushed dog teams in Alaska and was going back there. Teamster Dawson vowed he would return to help build and electrify railroads in Western Canada. Bennett, who seemed to know every line of poetry that Robert Service ever wrote and recited it on the slightest provocation, would go back to the butcher trade in New Jersey.

Coates would publish an insurance magazine in Texas. Wilson, skilled musician and ornate penman, would write discharges for the men and return to the music halls. Attorney Conway would return to a Wall Street law office and Papke to his harness shop in Kansas. Sanderson, the company medic, vowed to go home and study medicine; Addison would barber in Minnesota and Porter would operate a linotype in Alabama.

Common Belief

Farm boys would return to the farm. All present, however, had a common belief. They had helped set the world to rights.

There was little hilarity. Almost to a man, the group appeared aged beyond their years. Many sat and silently looked into the fire, absorbed in their own thoughts. Open spaces between the seated groups were for those who had not reached that evening.

No one was heard to express a belief that another war would be fought by their sons, within a lifetime, over the same fields they knew so well.

Many years have passed since the last talk was had with one of that fireside group. It was with the crap-shooting boy from the hills of Tennessee, on Aug. 15, 1919, in the railroad station at Louisville, Ky., where our homeward trails parted.

I wonder what the fates have brought to the men who sat beside that long ago and far away campfire?

Federal Program To Aid Small Businesses Set

Small businesses in the Illinois-Missouri metropolitan area can get first-hand information on doing business with the federal government and large prime contractors, by attending the Federal Industrial Procurement Conference, "Opportunities Unlimited," to be held Nov. 19 at the Military Records Center, 9700 Page blvd., St. Louis, from 9 a.m. to 4 p.m.

Mrs. Ruby H. Koelling, branch manager of the SBA's St. Louis branch office, explained that the conference is being sponsored by the St. Louis Chamber of Commerce, in cooperation with the Federal Agencies Business Council, and the Small Business Administration, for the benefit of small firms in this area.

"Through this procurement counseling conference we hope to be able to show that government contracting is not a complicated process," Mrs. Koelling said, "and thereby encourage more small firms in this area to take advantage of our procurement services."

The representatives of government agencies, such as the Defense Supply Agency, Air Force, Army, Engineers, Navy, will be on hand all day to talk to participants individually.

Fast Communications Mean Better Service

Your Water Company was among the first water systems in the state to install radio equipment for faster communications. We now have radio-equipped trucks tied in to a central communications headquarters in our main office. Within minutes, repair crews can be contacted and dispatched to the scene of trouble. But even more important, we are able to make better and more efficient use of our field crews. This means better service to our customers.

Real Estate Personal Property Assessment List For The Year 1963

Herewith is a list of real estate and personal property assessment as made by the township assessors of Granite City township, Madison County, Illinois, and returned to George Musso, County Treasurer and Supervisor of Assessments.

The assessed values shown are subject to revision by the Board of Review and to equalization by the State Department of Revenue. Under provisions of Section 146 of the Illinois Revenue Act of 1939 as Amended in 1945, the Department of Revenue is required to determine the percentage relationship within each county of assessed value and the estimated full fair cash value. Upon the basis of such data, the Department is required to raise or lower the total locally assessed value so that all such property will be assessed at its full cash value.

These equalized values then become the base for tax extensions for 1963 taxes payable in 1964 and indicate the full fair cash value of the properties assessed, based on the assessed value as made by the local assessing officials.

This publication, which is made in accordance with Section 103 of the Revenue Act serves as a public notice to the taxpayers of the county of the assessed values fixed upon their property by the township assessor of the aforesaid township.

Taxpayers who consider their property incorrectly assessed may appear before the board of review and file a complaint in writing within 10 days from this date or within such time as otherwise provided by Section 108 of the Revenue Act.

GEORGE MUSSO,
Supervisor of Assessments,
Madison County, Illinois.

The 57th annual campaign to combat tuberculosis in Madison county will begin Friday with the mailing of Christmas seals to 60,000 county residents.

Proceeds from the sale of Christmas seals provide free x-rays each year for all persons requesting them at a mobile unit which visits all Madison county communities.

This year, 21,326 free chest x-rays were taken, an increase of 2000 over the previous year. Disclosures were 12 active cases of TB, 29 chest tumors and 57 cardiac conditions. The majority of x-rays were for persons 41 to 50 years of age.

The letters containing Christmas seals were prepared for mailing by volunteers from organizations throughout the county.

Children's Book Week Observances Begin

The annual observance of National Children's Book Week will begin tomorrow at the three public libraries.

Madison library is featuring tours for grade school pupils who will be given souvenirs and will view displays of over 100 books.

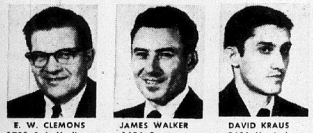

In Venice, all overdue book fines will be canceled for the week. The special offer will end Saturday, Nov. 16.

Granite City library will feature displays and souvenir book markers. Special decorations will include new and old favorite books, and there will be posters, streamers and mobiles in the children's department. Special treats will be given to each child visiting the library.
